Dundee Township Park District – A Brief History

The Dundee Township Park District was established in 1952 to serve the recreational needs of the community. The Park District was established on a Township wide basis and serves the communities of Carpentersville, East Dundee, West Dundee and Sleepy Hollow in their entirety. The Park District also serves residents that reside in the Dundee Township portion of Algonquin, Barrington Hills, Gilberts and Elgin.

The formation of the Park District was the result of a successful referendum campaign that was motivated by the need to have a permanent administrative body to oversee the operation of Edmund H. Haeger Memorial Pool which was located in Lion's Park.

The referendum to approve the creation of the Park District passed by a vote of 248 to 107 on November 22, 1952. The first Park District meeting was held on June 16, 1953 at Fireman's Hall in East Dundee. Haeger Pool opened on June 12, 1955.

In the early years the Park District used village and school district facilities. One of the first buildings that the District operated was the Besinger Community Center, which was opened on December 26, 1959. This facility housed the Park District's Senior Center until the Senior Center moved to its new location in 2003.

In 1962, voters approved a bond issue of \$225,000 to build Thresher Pool. They passed the bond issue by a vote of 1,396 to 563. L. W. Besinger donated the land for the pool and the pool opened on July 2, 1963.

Chapter 1

Historical Significance

In December 1963, the Park District announced plans to construct a golf course and open a park site on Randall Road. The park opened in 1964 and was dedicated as Randall Oaks Park. The park facilities included the petting zoo, which is still a thriving operation more than 50 years after its opening.

The Randall Oaks Golf Course opened in September of 1965. The course was completed with 18 holes available for play in June of 1966.

Today Randall Oaks Golf Course is 201 acres that includes premier teaching facilities, a handicap accessible 5-hole short course, the three hole Acorn Course and a six-hole Footgolf Course. It is one of the top public golf courses in the region.

In 1971, the Park District purchased Library Hall, a historic building that was constructed in 1895. This became the administrative offices of the District and remains so to this day.

In the late 1970's the Park District received grant funds to purchase an additional 130 acres to add on to the existing 27 acre Randall Oaks Park. In 1982, a community building was constructed and dedicated to Al Price, whose family owned and operated the farm prior to the Park District's purchase. Mr. Price had assisted the Park District in the operation of the park.

Today the Al Price Building is used in conjunction with the Randall Oaks Zoo and provides nature and zoo related classes for early childhood participants.

During the mid-seventies, the Park District purchased two air structures, which were used to enclose Haeger Pool and some tennis courts at Randall Oaks Golf Course. These structures existed until the early 1980's.

In 1972, the Park District purchased the Sleepy Hollow pool for the cost of \$120,000. This pool had been operated by private interests. In 1986, the pool was renovated to include a new filtration system and a zero depth entry area. In 2004, extensive renovation to the plumbing system occurred and beginning in the fall of 2006 a new filter system was installed.

In 1986, the Park District began the process of considering the construction of a Recreation Center. A survey of residents was done with the assistance of the University of Illinois. Construction on a 50,000 square foot Recreation Center began in July of 1988. The pool for

the Recreation Center was completed in early July of 1989, and the building was opened to the public in September of that same year.

The Recreation Center was renamed "Rakow Center" in 2011. It is located on Rt. 68 just north of Rt. 25 in Carpentersville, and consists of the following:

- * Indoor swimming pool with a diving well.
- * Full gymnasium with a running track.
- * 3 racquetball courts.
- * Fitness Center, with locker room areas.
- * Dance studio, programming rooms and office areas.
- * In 2002, a 20,000 square foot Senior Center (AAC) was added to the facility.

The Recreation Center now "Rakow Center" was very well received by the public and in 1992, an addition was made to the Fitness Center and the pool was enclosed thus making it operational on a year-round basis.

Also in 1992, a new clubhouse was completed at the Randall Oaks Golf Course. This Clubhouse contains a pro shop, locker rooms, bar and grill, banquet facilities for up to 200 guests, and an enclosed cart storage building.

In 1993, the Park District completed construction of Dolphin Cove Family Aquatic Center. This facility is located on Rt. 25, just north of Rt. 68. The property adjoined the existing Rakow Center property. The water park has a capacity of 1,100 and contains 2 large flume slides and two smaller slides. The pool has over 130 feet of zero depth edge, as well as two sand volleyball courts and a sand play area. The water park connects to the indoor pool, which is a part of the Rakow Center.

In 1991, residents approached the Park Board in regards to purchasing Bonnie Dundee Golf Course. The Park Board opted to go to referendum to decide the issue. On November 5, 1991, the voters approved a \$4.9 million bond issue to purchase the 18-hole golf course. The Park District began operation of the course in 1992. In 1995, the course was renovated to include an underground irrigation system and an additional parking area on the golf course grounds.

In 1992, the Park Board was approached to purchase some wooded open space areas that was part of an old racetrack. On November 3, 1992, the voters approved a \$1.5 million referendum to purchase 50 acres of wooded property. The Kane County Forest Preserve District agreed to purchase an adjoining 42 acres and in January of 1994, the purchase was finalized. The Park District received two grants in 1999 and 2000 to work on the restoration of the property. Also in 2000, the Greater Raceway Woods Ecosystem Partnership was established. This partnership of adjacent land owners created long-range plan to restore the property. The Partnership received \$400,000 from the Army Corp of Engineers for the implementation of this plan.

Chapter 1

Historical Significance

The Forest Preserve District of Kane County and Dundee Township purchased additional land surrounding the Park District's 50-acre parcel to create a 336-acre public preserve. In 2015, the Park District transferred the 50-acre parcel to the Forest Preserve District of Kane County. This was done to create management and use efficiencies. Raceway Woods is one of the heaviest used Forest Preserve properties in Kane County.

In 1993, the Park District created Operation Outreach. The mission of Operation Outreach is focused on promoting positive leisure activities for those families and youth who face the challenges of dealing with the negative influences present in our society.

Initially, this program serviced youth at-risk by offering recreation programs at various schools, primarily in the Carpentersville area. These are neighborhoods where we were not receiving much involvement in our standard program offerings. Operation Outreach programs offered day camps, sport programs, and a youth center for children in grades 1 through 6. The program worked closely with School District 300's Project Success program, the Hispanic Advisory Committee, and the Carpentersville Neighborhood Council. These programs evolved into the Boys & Girls Clubs of Dundee Township.

In an effort to reach older children and to give them positive alternatives to gang involvement, the Park District helped to establish a Boys & Girls Club, which began operating at the Morningside Youth Center in 1997. The Boys and Girls Club is a separate entity from the Park District, but receives administrative facility and financial support from the Park District. In 2015, the Boys & Girls Clubs of Dundee Township relocated its Teen Center to the Rakow Center. As of 2016, the Boys & Girls Clubs of Dundee Township operates out of 8 school sites, has over 1,200 members and an average daily attendance of 900. All elementary students on the east side of Carpentersville have the opportunity to participate in the Boys & Girls Clubs of Dundee Township through their school. The Boys & Girls Clubs of Dundee Township has been a contributing factor to the reduction of gang related activities within the Township.

In 1997, a comprehensive plan was adopted. The Park District has taken action on many of the initiatives that were outlined in that version of the document. The main emphasis as outlined in 1997 was the need for additional facilities, primarily on the west side of the community.

The Park District has tried to address this directive by twice offering the public a referendum. In November of 1998, and again in April of 2001, the Park District offered the public the opportunity for additional facilities through the referendum process. Both these referendums offered the public additional west side facilities and a new senior center. In 1998, the referendum, which was structured as a corporate rate increase, failed by a 2 to 1 margin. In 2001, the Park District

Chapter 1

Historical Significance

attempted a referendum, which would have sold \$14 million in bonds. This referendum failed by a 52-48 % margin.

With the referendum process exhausted, the District moved in the direction of selling bonds against future tax revenues for the construction of the new senior center. Construction of the new center began in the spring of 2002. The Park District received a \$500,000 grant from Kane County to help fund the \$2.2 million senior center.

A \$200,000 grant from the Illinois Department of Natural Resources was obtained in 1998 for projects at Randall Oaks Park. A community picnic shelter, playground, basketball court, and trails were built. More recently, baseball and football fields have been added to the park.

As part of the Randall Road widening project, Centerville School was moved to Randall Oaks Park in June, 1999. A cooperative effort between the Park District, Kane County and Dundee Township Historical Society saved this historic one room schoolhouse. Restoration to the interior and exterior of the building was completed.

In the summer of 2000, development of Prairie Meadow Park was completed. Located off Village Quarter Road in West Dundee, the park has an in-line/ice skating rink, playground, picnic shelter, basketball court, and soccer fields. A \$200,000 grant from the Illinois Department of Natural Resources was secured for this project.

A cooperative venture with School District #300 was agreed upon in the winter of 2001. The Park District contributed funds to enlarge gyms to provide additional programming areas at two of the new schools, which were constructed. These gyms opened in the fall of 2002. The schools with the enlarged gyms are Algonquin Lakes and Liberty.

The construction of a new Senior Center began in the spring of 2002. The Senior Center developed as an addition to the Rakow Center on Barrington Avenue. Included in the Senior Center is a large multi-purpose room with a stage, arts and crafts room, library and computer room and kitchen. The project was completed in 2003.

In the spring of 2002, the Park District began work on renovating Randall Oaks Golf Course. This work concentrated on revising the front 9 holes of the course, incorporating 45 additional acres to the course. The renovation addresses some of the safety deficiencies as well as adds additional yardage to the course. The project was completed in the summer of 2003.

In 2002, the Park District also completed a land exchange with the Village of West Dundee. This brought an additional 6 acres of park land adjacent to Tartans Glen Park. Two soccer fields were constructed there.

Also within the Village of West Dundee, two major park renovations have taken place at South End Park and Grafelman Park. The Village of West Dundee funded both of these projects.

The Park District entered into an intergovernmental agreement with the Village of Algonquin for the development and on-going programming and maintenance of Algonquin Lakes Park. This 25-acre parcel includes ball diamonds, soccer fields, a playground and pavilion. The park is located

Chapter 1

Historical Significance

next to Algonquin Lakes School, which contains an enlarged gym, which the Park District has assisted with the funding.

The Park District obtained a park in the Shenandoah Subdivision and a park at Liberty School in 2003. In 2004, the Park District received Rolling Hills Park in the Springacre Hills Subdivision in Carpentersville.

In 2005, the Park District leased Carrington Park from the Village of West Dundee. The Park District also developed Silverstone Lake Park, Grandview Park, and Deerpath Park in 2006.

In 2007, the Park District completed Silverstone Lake Park in Carpentersville. This park development project received a development grant for \$269,900 from the Illinois Department of Natural Resources. Deerpath Park was completed and playgrounds installed at Grand Pointe locations.

The Park District also installed a new filter at Sleepy Hollow Pool. This project began in 2006 and was completed prior to the 2007 season with a total cost of \$238,000.

In 2008, an intergovernmental agreement between the Township and the Park District was established for a long-term lease of the Bartels Property. The programming of the property is currently in the planning stages.

Grand Pointe Park in West Dundee was leased and developed in 2010. White Oaks Park in Carpentersville was acquired in 2009 and opened in 2011.

In 2009, property at the Brunner Family Forest Preserve was leased from the Forest Preserve District of Kane County. This lease and sale of 10 acres created a 36-acre parcel of land adjacent to Miller Road. This land is available for future development.

In 2009, the Park District received a \$150,000 grant from the Wadsworth Golf Foundation to assist with the construction of the Links Learning Center at Randall Oaks Golf Club. The Links Learning Center is a 5-hole accessible short golf course.

The Randall Oaks Recreation Center opened in August of 2012. The 53,000 square-foot building contains a fitness center, double court gym, elevated track, exercise studio, preschool room, multi-purpose room, and leases space to the Fox Valley Public Library.

As of February of 2019, the Park District employs 57 staff on a full-time basis and approximately 800 staff on a seasonal and part-time basis.

In 2016, the Park District completed the construction of new playgrounds at Lions and Prairie Meadow Parks. In July of 2016, the Park District opened a splash pad at Huffman Park in West Dundee. This is the first one of its kind in the Park District. The Village of West Dundee contributed \$40,000 from the land/cash fund.

1.2 NAME OF DISTRICT

The official name and address of this Park District shall be:

DUNDEE TOWNSHIP PARK DISTRICT
665 Barrington Avenue
CARPENTERSVILLE, IL 60110

1.3 STATUTORY AUTHORITY

The Dundee Township Park District was formed in 1952 after an election held to approve the organization of the Park District. The referendum to approve the creation of the Park District passed by a vote of 248 to 107 on November 22, 1952. The first Park District meeting was held on June 16, 1953 at Fireman's Hall in East Dundee.

A park district is a municipal corporation created for the purpose of acquiring and maintaining parks, and is separate and distinct from the city, county or any other political body. It is an agency through which in part, the people of the state carry on government.

It is not purely local in function, for the courts have held that the park property is held in trust for the use of the people of the state at large and not for the exclusive use of the people of the district. (Quinn v. Irving Park District, 207 Ill. App. 449).

A park district is purely a creation of the legislature, and has no inherent powers, but only such powers as have been granted it by the legislature, or as are necessarily implied to give effect to the powers specifically granted.

In 1947, the legislature enacted "The General Park District Code." This was the first step in codifying the laws pertaining to park districts which served a population of less than 500,000 and it incorporated all of the basic laws of the three different types of park districts which existed. This legislation is contained in Chapter 105 of the Illinois Revised Statutes.

Many of the legislative changes in the basic code are prepared by the "Illinois Association of Park Districts," and this Park District is a member of that Association. Current revised copies of the Park District Code are available and the Code explains in detail the authority and responsibilities of an Illinois park district.

3.5 LEGAL STATUS OF THE PARK BOARD

The State Constitution, Statutes, Attorney General’s rulings and court decisions on matters relating to public parks, park boards and park districts constitute the foundation of the legal status of the Park Board.

Chapter 3

Designation, Application and Legal Status

Park boards are constitution state agents created by the legislature for the purpose of effecting, within the respective park district, the state laws pertaining to public parks and recreation activities.

Park Boards are empowered to make contracts, employ persons, sue or be sued, make rules and regulations governing their own procedures and those of parks under their jurisdiction and, in most instances, purchase and hold title to property in the name of the park district, as well as sell and give title to property.

Park districts, like cities, counties, and other units of local government, have no inherent or original governing powers. Park districts can neither add to nor subtract from their responsibilities, powers, and limitations as defined by state law.

Park districts are not subject to the authority of any governing unit other than the state, except in such special areas as the legislature may determine, including, for example, the village's zoning authority.

Members of the park board are elected by the citizens of the local park district to represent and act for the state in performing the legal function of providing their district with the kind of park and recreational programs and facilities required or permitted by state law.

Park districts are corporate bodies, or "artificial persons," and may act officially only on duly authorized and legally held meetings of the board of park commissioners.

4.3 COMMUNITY INPUT POLICY – Board approved July 16, 2013 Revisited October 7, 2020

Dundee Township Park District believes that resident input is an essential component of the effective planning, development, implementation and evaluation of District programs and services. This input may be sought and gained in a variety of ways within a variety of District departments and divisions. By developing interest and ownership at the local level, we are fostering individuals who will continue to be valuable active participants in the long-term success of the Park District.

1. Needs Assessment

In order to facilitate the involvement and input of residents and guests in the long-range planning and decision-making process affecting the delivery of park, facility and recreation services, the Board will conduct a comprehensive attitude and interest survey and assessment a minimum of once every five years to develop a needs assessment. The results of the needs assessment will become a part of the PRCP and published for public review.

2. Recreation Services

The following methods shall be utilized to provide residents and guests input in the planning and development of all recreation programs and services:

Chapter 4

General Matters of Administration

Upon completion and when appropriate, a park dedication shall be held. This is important in ensuring the neighborhood residents realize the benefit of their efforts and take ownership in the park.

Prior to accepting land, committing to the development of a previously undeveloped open space, or redeveloping a park which significantly modifies its previous use and purpose, the Board will review and approve a Park Master Plan. This plan will govern the park sites development and will protect and preserve desirable qualities of the resource base. Each Park Master Plan performed for our Community Parks shall consist of a concept drawing which shows the spatial arrangements of various components of the plan, such as playground areas, athletic fields, buildings, pathways, landscape, etc.

Any discrepancies or significant over/shorts noted are investigated by the Business Services Department in cooperation with operations.

6.9 INVESTMENT POLICY – Board approved October 7, 2020

Scope

This investment policy, which was prepared in accordance with the Public Funds Investments Act (30ILCS 235/0.01, et seq) applies to the investment activities of the Dundee Township Park District. All financial assets of the District, including the Corporate Fund, Recreation Fund, Capital Improvement Funds, Debt Service Funds, Enterprise Funds and other funds that may be created from time to time, shall be administered in accordance with the provisions of this Policy.

1. Pooling of Funds

Except for cash in certain restricted and special funds, the District will consider consolidation of cash balances from all funds to maximize investment earnings. Investment income will be allocated to the various funds based on their respective participation and in accordance with generally accepted accounting principles.

General Objectives

The primary objectives, in priority order, of investment activities shall be safety, liquidity and yield:

1. Safety

Safety of principal is the foremost objective of the investment program. Investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. The objective will be to mitigate credit risk and interest rate risk.

A. Credit Risk

The Dundee Township Park District will minimize credit risk, the risk of loss due to the failure of the security issuer or backer, by:

Chapter 6 Finance and Business Operations

- 1) Limiting investments to the safest types of securities;
- 2) Pre-qualifying the financial institutions, broker/dealers, intermediaries and advisors with which the District will do business; and
- 3) Diversifying the investment portfolio so that potential losses on individual securities will be minimized.

B. Interest Rate Risk

The Dundee Township Park District will minimize the risk that the market value of securities in the portfolio will fall due to changes in general interest rates, by:

- 1) Structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity; and
- 2) Investing operating funds primarily in shorter-term securities, money market mutual funds, or similar investment pools.

2. Liquidity

The investment portfolio shall remain sufficiently liquid to meet all operating requirements that may be reasonably anticipated. This is accomplished by structuring the portfolio so that securities mature concurrent with cash needs to meet anticipated demands (static liquidity). Furthermore, since all possible cash demands cannot be anticipated, the portfolio should consist largely of securities with active secondary or resale markets (dynamic liquidity). A portion of the portfolio also may be placed in money market mutual funds or local government investment pools, which offer same-day liquidity for short-term funds.

3. Yield

The investment portfolio shall be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into account the investment risk constraints and liquidity needs. Return on investment is of secondary importance compared to the safety and liquidity objectives described above. The core of investments is limited to relatively low risk securities in anticipation of earning a fair return relatively

to the risk being assumed. Securities shall not be sold prior to maturity with the following exceptions:

- A. A declining credit security may be sold early to minimize loss of principal;
- B. A security swap would improve the quality, yield, or target duration in the portfolio; or
- C. Liquidity needs of the portfolio require that the security be sold.

Chapter 6 Finance and Business Operations

Standards of Care

1. Prudence-The standard of prudence to be used by investment officials shall be the “prudent person” standard and shall be applied in the context of managing an overall portfolio. Investment officers acting in accordance with written procedures and this investment policy and exercising due diligence shall be relieved of personal responsibility for an individual security’s credit risk or market price changes, provided deviations from exceptions are reported in a timely fashion and the liquidity and the sale of securities are carried out in accordance with the terms of this policy.
 - A. Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

2. Ethics and Conflicts of Interest

Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with the proper execution and management of the investment program, or that could impair their ability to make impartial decisions. Employees and investment officials shall disclose any material interests in financial institutions with which they conduct business. They shall further disclose any personal financial/investment positions that could be related to the performance of the investment portfolio.

3. Responsibility for the Investment Program/Delegation of Authority

The establishment of investment policies is the responsibility of the Park Board. Management and administrative responsibility for the investment program of the Dundee Township Park District is hereby delegated to the Treasurer/Director of Business Services who shall prepare and act in accordance with written procedures and internal controls for the operation of the investment program consistent with this investment policy. Procedures include references to safekeeping, delivery vs. payment, investment accounting, wire transfer agreements and collateral/depository agreements. No person may engage in an investment transaction except as provided under the terms of this policy and the procedures established by the Director of Business Services and approved by the Executive Director. The Director of Business Services will be responsible for all transactions undertaken and will establish a system of controls to regulate the activities of subordinate officials. The Director of Business Services may from time to time amend the written procedures as approved by the Executive Director in a manner not inconsistent with this Policy or with State law.

Chapter 6

Finance and Business Operations

Safekeeping and Custody

1. Financial Institutions

It shall be the policy of the Dundee Township Park District to select financial institutions on the following basis:

A. Security

The District will not maintain funds in any financial institution that is not a member of the FDIC or SIPC system. Furthermore, the Dundee Township Park District will not maintain funds in any financial institution not willing to post, or not capable of posting, required collateral for funds in excess of the FDIC or SIPC insurable limits.

B. Size

The Dundee Township Park District will not maintain deposits in any financial institution in which the District funds on deposit will exceed 10% of the institution's capital stock and surplus.

C. Location

The Dundee Township Park District shall encourage investment in financial institutions within the District's boundaries whenever possible. However, the Park Board may approve qualified depositories regardless of location.

D. Statement of Condition

The Dundee Township Park District will maintain, for public and managerial inspection, current statements of condition for each financial institution named as depository. If, for any reason the information furnished is considered by the Director of Business Services to be insufficient, additional data may be requested. The refusal of any institution to provide such data upon request may serve as sufficient cause for the withdrawal of District funds.

2. Internal Controls

The Director of Business Services is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the Dundee Township Park District are protected from loss, theft or misuse. The internal control structure shall be designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that 1) the cost of control should not exceed the benefits likely to be derived and 2) the valuation of costs and benefits require estimates and judgments by management.

- A. Accordingly, the Director of Business Services shall establish a process for an annual independent review by an external auditor to assure

Chapter 6 Finance and Business Operations

- B. compliance with policies and procedures. The internal controls shall address the following points:
- 1) Control of collusion;
 - 2) Separation of transaction authority from accounting and recordkeeping;
 - 3) Custodial safekeeping;
 - 4) Avoidance of physical-delivery securities;
 - 5) Clear delegation of authority to subordinate staff members;
 - 6) Written confirmation of telephone transactions for investments and wire transfers;
 - 7) Development of a wire transfer agreement with the lead bank or third-party custodian.

3. Delivery v. Payment

All trades where applicable will be executed by delivery vs. payment (DVP) to ensure that securities are deposited in an eligible financial institution prior to the release of funds. Securities will be held by a third party custodian as evidenced by safekeeping receipts.

Suitable and Authorized Investments

1. Investment Types

Consistent with the GFOA Policy Statement State Statutes Concerning Investment Practices, the following investments will be permitted by this policy and are those defined by state law where applicable:

- A. U.S. government obligations, U.S. government agency obligations, and U.S. government instrumentality obligations, which have a liquid market with a readily determinable market value;

- D. Repurchase agreements whose underlying purchased securities consist of the foregoing;
- E. Money market mutual funds regulated by the Securities and Exchange Commission and whose portfolios consist only of dollar-denominated securities;
- F. Local government investment pools;
- G. Any other investment allowed by Illinois Compiled Statutes.

2. Collateralization

Collateralization of all funds in excess of FDIC or SIPC limits is required. The District will accept any of the following assets as collateral:

Chapter 6

Finance and Business Operations

- A. U.S. Government Securities
- B. Obligations of Federal Agencies
- C. Obligations of Federal Instrumentalities
- D. Obligations of the State of Illinois
- E. Obligations of the Dundee Township Park District
- F. General Obligation Municipal Bonds rated “A” or better
- G. The amount of collateral provided will be not less than 105 percent of the fair market value of the net amount of public funds secured. The ratio of fair market value of collateral to the amount of funds secured will be reviewed quarterly, and additional collateral will be requested when the ratio declines below the level required and collateral will be released if the market value exceeds the required level. Pledged collateral will be held in safekeeping by a third party depository designated by the Dundee Township Park District. Collateral agreements will preclude the release of the pledged assets without an authorized signature from the Dundee Township Park District.

3. Repurchase Agreement

Repurchase agreements shall be consistent with GFOA Recommended Practices on

Repurchase Agreements.

Investment Parameters

1. Diversification

The investments shall be diversified by:

- A. Limiting investments to avoid over-concentration of securities from a specific issuer or business sector (excluding U.S. Treasury securities),
- B. Limiting investment in securities that have higher credit risks,
- C. Investing in securities with varying maturities, and
- D. Continuously investing a portion of the portfolio in readily available funds such as local government investment pools (LGIPs), money market funds or overnight repurchase agreements to ensure that appropriate liquidity is maintained in order to meet ongoing obligations.

2. Maximum Maturities

To the extent possible, the Dundee Township Park District shall attempt to match its investments with anticipated cash flow requirements. Unless matched to a specific cash flow, the Dundee Township Park District will not directly invest operating funds in securities maturing more than three (3) years from the date of purchase or in accordance with state and local statutes and ordinances. 6.19 FUND BALANCE POLICY – Board approved March 21, 2018 Revised October 7, 2020 December 6, 2023

Purpose

The purpose of this policy is to establish the principles and parameters by which the projected end-of-year Fund Balance targets will be defined at the beginning of each budget period. Each year, the budget document will include a discussion of the fund targets established in this policy. The parameters established in this policy provide a range of acceptable amounts of end-of-year Fund Balances for each type of fund.

The policy provides guidance to District staff who monitor the District’s fiscal activity and who are responsible for proposing plans to meet the Board of Park Commissioners’ goals. The District will not propose a budget that would create a Fund Balance less than the minimum parameters set forth in this policy, unless the Park Board of Commissioners resolves that it is in the best interest of the District to do so.

Guiding Parameters

The following parameters will be used as part of the budget process to establish targets for the following funds:

Corporate Fund – The fund’s target fund balance is **25%** of annual Operating

Expenditures. Balances above the maximum may be transferred to any other governmental fund at the discretion of the Board of Park Commissioners.

Recreation Fund – The fund’s target fund balance is **25%** of annual Operating Expenditures. Balances above the maximum may be transferred to any other governmental fund at the discretion of the Board of Park Commissioners.

IMRF, Social Security, Police, and Liability Funds

The target fund balances for these funds is **25%** of Operating Expenditures. These funds will be monitored, and the taxes levied to support them will be adjusted to ensure that they operate within the target levels.

Special Recreation Fund – The fund’s target fund balance is **25%** of Operating Expenditures. The vast majority of amounts levied are paid to the Northern Illinois Special Recreation (NISRA) to provide for the recreational needs of the special needs Population and for addressing the District’s ADA Audit projects.

Chapter 6

Finance and Business Operations

Debt Service Fund – The fund’s target fund balance is \$1,000.00.

The only activities in this fund are recording the taxes received to pay debt, transfers, and the expenses related to paying the debt. One hundred percent of a Debt Service Fund’s Fund Balance is restricted for Debt Service.

Capital Improvement Fund – The Capital Projects Fund balance is reviewed in developing the Capital Improvement Program. Debt financing, grants, or inter-fund transfers can be used to finance projects when balances are not adequate. The Fund Balance of a capital project-type fund is 100% restricted, committed, or assigned for acquisition, construction, and development. Increases and decreases in fund balances are associated with the specific projects planned. A **\$500,000.00** target fund balance is set to allow for emergency capital outlay purposes.

Randall Oaks and Bonnie Dundee Golf Funds – The District’s goal will be **25%** of annual Operating Expenses.

AUTHORITY – The Executive Director will determine if a portion of fund balance should be assigned.

REPORTING – Staff will prepare and include in the budget document a schedule that shows the status of the District’s balances compared to the targets outlined in this policy. The Executive Director of the Dundee Township Park District is given authority within this policy to assign fund balances to specific projects or planned expenditures.

MINIMUM TARGETS – Management will monitor the major revenue collections and the amount of cash available by reviewing the monthly financial reports. During the year, if revenue

projections suggest that revenue will not meet expectations, and the fund target(s) will not be met by year end, the Executive Director will take the following actions to reach the goals established in the adopted budget:

- Review expenditures/expenses with Directors
- Reduce capital asset expenditures/expenses
- Reduce operational expenditures/expenses, where appropriate, while maintaining the adopted budget goals
- Present to the Board of Park Commissioners other expenditure/expense control options, including those that might modify the goals established in the adopted budget

EXCEPTIONS TO THE POLICY – If the Board of Park Commissioners adopts a budget that does not meet the parameters of this policy, then the budget will include a plan for adhering to this Policy within a three-year period.

Chapter 6 Finance and Business Operations

6.20 BOND RATING POLICY – Board approved October 7, 2020

Purpose

This policy has been created to provide guidance to the Agency in determining the necessity of obtaining a bond rating for the purpose of providing comfort to investors.

Criteria

The Dundee Township Park District will consider obtaining a bond rating at such time that it is financially advantageous to do so. Generally speaking, that will be the case when the size of a bond issue is large enough that the cost of obtaining a bond rating, and thus a reduced interest rate, is less than obtaining insurance to provide comfort to investors. If it is determined that it is not in the best interest of the Agency to have a bond rating, the Agency reserves the right to decline to do so.

6.21 DELEGATION OF AUTHORITY ON CERTAIN CHANGE ORDERS – Board approved October 7, 2020

Purpose

This policy has been created to provide the Executive Director of the Park District with the authorization to approve or deny certain change orders on which action is required within a limited time span.

Criteria

The Executive Director of the Park District is hereby authorized and empowered to receive, review, investigate and approve or deny any and all change orders that authorize an increase or decrease in either the cost of a public contract by less than \$25,000 or the time of completion by less than 30 days on construction contracts for the Dundee Township Park District, in accordance with the terms and conditions of the contracts under which the change is requested. The Executive Director shall, as soon as practicable after acting on any change order pursuant to this ordinance, shall inform the Board: (a) that a change order has been requested; (b) the Executive Director's findings on the request for the change order; (c) the Executive Director's response to the change order. Upon completion of all documentation for the change order, the Executive Director shall circulate same to the members of the Board.

In the absence of the Executive Director, the delegation of authority on certain change orders will transfer to the Deputy Director.

Emergency unbudgeted purchases are purchases in such a situation in which the delay caused by adherence to the Purchase Requisition System (6.13) would threaten public health, safety, or welfare such that the immediate purchase of supplies, materials, or work is necessary. (i) Official Statements, (ii) Annual Financial Information, and (iii) EMMA Notices. Official Statements, Annual Financial Information and EMMA Notices are collectively referred to herein as the “*Disclosures*.”

In response to these interests, the District hereby adopts the following policies and procedures (the “*Disclosure Policy*”):

(a) *Disclosure Officer*. The Director of Business Services of the District (the “*Disclosure Officer*”) is hereby designated as the officer responsible for the procedures related to Disclosures as hereinafter set forth (collectively, the “*Disclosure Procedures*”).

(b) *Disclosure Procedures: Official Statements*. Whenever an Official Statement will be disseminated in connection with the issuance of obligations by the District, the Disclosure Officer will oversee the process of preparing the Official Statement pursuant to the following procedures:

1. The District shall select (a) the working group for the transaction, which group may include outside professionals such as disclosure counsel, a municipal advisor and an underwriter (the “*Working Group*”) and (b) the member of the Working Group responsible for preparing the first draft of the Official Statement.

2. The Disclosure Officer shall review and make comments on the first draft of the Official Statement. Such review shall be done in order to determine that the Official Statement does not include any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements made in the Official Statement not misleading. Particular attention shall be paid to the accuracy of all descriptions, significant information and financial data regarding the District. Examples include confirming that information relating to the District, including but not limited to demographic changes, the addition or loss of major employers, the addition or loss of major taxpayers or any other material information within the knowledge of the Disclosure Officer, is included and properly disclosed. The Disclosure Officer shall also be responsible for ensuring that the financial data presented with regard to the District is accurate and corresponds with the financial information in the District’s possession, including but not limited to information regarding bonded indebtedness, notes, certificates, outstanding leases, tax rates or any other financial information of the District presented in the Official Statement.

Chapter 6 Finance and Business Operations

3. After completion of the review set forth in 2. above, the Disclosure Officer shall (a) discuss the first draft of the Official Statement with the members of the Working Group and such staff and officials of the District as the Disclosure Officer deems necessary and appropriate and (b) provide comments, as appropriate, to the members of the Working Group. The Disclosure Officer shall also consider comments from members of the Working Group and whether any additional changes to the Official Statement are necessary or desirable to make the document compliant with the requirements set forth in 2. above.

4. The Disclosure Officer shall continue to review subsequent drafts of the Official Statement in the manner set forth in 2. and 3. above.

5. If, in the Disclosure Officer's reasonable judgment, the Official Statement does not include any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements made in the Official Statement not misleading, the Official Statement may, in the reasonable discretion of the Disclosure Officer, be released for dissemination to the public; *provided, however,* that the use of the Official Statement must be ratified, approved and authorized by the Board of Park Commissioners of the District (the "*Board*").

(c) *Disclosure Procedures: Annual Financial Information.* The Disclosure Officer will oversee the process of preparing the Annual Financial Information pursuant to these procedures:

1. By October 15th of each year (the same being at least 30 days prior to the last date on which the Annual Financial Information is required to be disseminated pursuant to the related Undertaking, the Disclosure Officer shall begin to prepare (or hire an agent to prepare) the Annual Financial Information. The Disclosure Officer shall also review the audited or unaudited financial statements, as applicable, to be filed as part of the Annual Financial Information (the "*Financial Statements*"). In addition to the required updating of the Annual Financial Information, the Disclosure Officer should consider whether additional information needs to be added to the Annual Financial Information in order to make the Annual Financial Information, including the Financial Statements, taken as a whole, correct and complete in all material respects. For example, if disclosure of events that occurred subsequent to the date of the Financial Statements would be necessary in order to clarify, enhance or correct information presented in the Financial Statements, in order to make the Annual Financial Information, taken as a whole, correct and complete in all material respects, disclosure of such subsequent events should be made.

Chapter 6 Finance and Business Operations

2. If, in the Disclosure Officer's reasonable judgment, the Annual Financial Information, including the Financial Statements, is correct and complete in all material respects, the Disclosure Officer shall file the Annual Financial Information with EMMA (or confirm that such filing is completed by any agent hired by the District for such purpose) within the timeframe allowed for such filing.

(d) *Disclosure Procedures: Reportable Events.* The Disclosure Officer will prepare (or hire an agent to prepare) Reportable Event Disclosure and file the same with EMMA (or confirm that such filing is completed by an agent hired by the District for such purpose) in a timely manner (not in excess of ten business days after the occurrence of the Reportable Event). Incurrence of a Financial Obligation, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation, any of which affect security holders, if material, is a Reportable Event. Upon the incurrence of any Financial Obligation, as such term is defined in the Undertaking, the Disclosure Officer shall review such Financial Obligation and assess whether such Financial Obligation is material. If, in connection with such Financial Obligation, the District has agreed to any covenant, event of default, remedy, priority right or other similar term which affects security holders, the Disclosure Officer shall further review such term and assess whether the same is material. The Disclosure Officer shall prepare a summary of such review. If, in the Disclosure Officer's reasonable judgment, following consultation with financial or legal professionals as necessary, such Financial Obligation and/or term of such Financial Obligation is deemed material, the Disclosure Officer shall file a summary of such Financial Obligation (or the entire financing document, provided that confidential or sensitive information may be redacted to the extent such redaction does not prevent all material terms from being disclosed) with EMMA not in excess of ten business days after the incurrence of such Financial Obligation.

(e) *Disclosure Procedures: EMMA Notices.* Whenever the District determines to file an EMMA Notice, or whenever the District decides to make a voluntary filing to EMMA, the Disclosure Officer will oversee the process of preparing the EMMA Notice pursuant to these procedures:

1. The Disclosure Officer shall prepare (or hire an agent to prepare) the EMMA Notice. The EMMA Notice shall be prepared in the form required by the MSRB.

2. In the case of a disclosure required by an Undertaking, the Disclosure Officer shall determine whether any changes to the EMMA Notice are necessary to make the document compliant with the Undertaking.

Chapter 6 Finance and Business Operations

3. If, in the Disclosure Officer's reasonable judgment, the EMMA Notice is correct and complete and, in the case of a disclosure required by an Undertaking, complies with the Undertaking, the Disclosure Officer shall file the EMMA Notice with EMMA (or confirm that such filing is completed by any agent hired by the District for such purpose) within the timeframe allowed for such filing.

(f) *Additional Responsibilities of the Disclosure Officer.* The Disclosure Officer, in addition to the specific responsibilities outlined above, shall have general oversight of the entire disclosure process, which shall include:

1. Maintaining appropriate records of compliance with this Disclosure Policy (including proofs of EMMA filings) and decisions made with respect to issues that have been raised;

2. Evaluating the effectiveness of the procedures contained in this Disclosure Policy; and

3. Making recommendations to the Board as to whether revisions or modifications to this Disclosure Policy are appropriate.

(g) *General Principles.*

1. All participants in the disclosure process should be encouraged to raise potential disclosure items at all times in the process.

2. The process of revising and updating the Disclosures should not be viewed as a mechanical insertion of current numbers. While it is not anticipated that there will be major changes in the form and content of the Disclosures at the time of each update, the Disclosure Officer should consider whether such changes are necessary or desirable in order to make sure the Disclosure does not make any untrue statement of a material fact or omit to state a material fact necessary or desirable, in order to make the statements made, in light of the circumstances in which they were made, not misleading at the time of each update.

3. Whenever the District releases information, whether in written or spoken form, that may reasonably be expected to reach investors, it is said to be "speaking to the market." When speaking to the market, District officials must be sure that the released information does not make any untrue statement of a material fact or omit to state a material fact necessary or desirable, in order to make the statements made, in light of the circumstances in which they were made, not misleading.

Chapter 6
Finance and Business Operations

4. While care should be taken not to shortcut or eliminate any steps outlined in this Disclosure Policy on an ad hoc basis, the review and maintenance of the Disclosures is a fluid process and recommendations for improvement of these Disclosure Procedures should be solicited and regularly considered.

5. The Disclosure Officer is authorized to request and pay for attendance at relevant conferences or presentations or annual training sessions conducted by outside counsel, consultants or experts in order to ensure a sufficient level of knowledge for the effective administration of this Disclosure Policy.

Eligibility:

Eligibility will be limited to governments, community service organizations, civic organizations, and not-for-profit organizations, all of which are to be domiciled within the Dundee Township area. Also, organizations outside of the Dundee Township area sponsoring an event sanctioned by the Dundee Township Park District as an “official community event” may use the signs to announce events. Use of the signs by individuals, for-profit businesses, trade organizations or political organizations is prohibited unless those events have been sanctioned by the Dundee Township Park District as an “official community event”.

Application, Reservation and Scheduling:

Applications are to be made on the appropriate Bonnie Dundee Golf Course or Randall Oaks Golf Course Sign Request Form and submitted to the Park District no less than fourteen days prior to the requested display date. Any additional reservations will be honored based on availability and at the discretion of the Park District staff.

In addition, reservations will be limited to not more than one year in advance.

Reservations and schedules shall be maintained by the Park District at the Marketing Department office in the Rakow Center.

The Dundee Township Park District reserves the right of first use of the sign. Any scheduling in conflict with the Dundee Township Park District’s need or use for the community events sign shall be resolved to the Dundee Township Park District’s benefit.

Message Fees:

Eligible community based organizations will be charged \$25.00 per week/per sign. Payment must be received with application.

The Village of Carpentersville and Village of East Dundee fees will be waived for the Bonnie Dundee message sign due to the contributions made toward construction of the message sign by each agency. In the event that a request is denied or the Park District cancels the reservation prior to displaying the scheduled message, the fee shall be returned to the applicant. If the Park District cancels or removes a message during its display period, the fee will not be refunded.

All fees are to be paid by cash, check (payable to the Dundee Township Park District) or credit/debit card.

Requests for Message Sign Usage:

Community Based Organization requests for message sign usage should be made to the Marketing Manager's attention at marketing@dtpd.org.

Right to Edit/Right of Refusal:

The Dundee Township Park District has the authority to edit text of the signage being requested if it deems necessary for reasons including but not limited to, availability of space and layout concerns.

Due to the size limitations of the sign, messages are restricted to 72 characters/spaces. Submitted messages may therefore have to be abbreviated in order to fit. Park District staff may also have to make spelling and grammatical corrections.

The Dundee Township Park District reserves the right to refuse to honor any application request if it is deemed inappropriate, inflammatory, in conflict with the separation of church and state, or not within the general interest of the Dundee Township Park District community and its values as determined by the Park Board or duly appointed representative.

Section 4.05. Schedules, Fees, Rules, and Regulations. Time schedules for the operation of, and the activities to be conducted on, District Property and the amount of facility, Permit and program fees, may be reviewed and approved periodically by the Board. As permitted by law, fees charged non-residents of the District need not be the same as fees charged residents of the District. The Board may otherwise establish policies, rules and regulations for proper conduct by Persons using District Property. Specific policies, rules and regulations pertaining to District Property and programs may be posted at or on the applicable District Property and/or published in District program brochures or otherwise made available to the users of District Property, who shall be charged with actual knowledge thereof and shall obey or comply with all such policies, rules and regulations. All Persons shall abide by all District policies, rules and regulations and with the direct orders or requests of employees and agents of the District when using District Property.

Section 4.06. Special Closings. The Board or the Director may close one or more District parks, buildings, and facilities or any part thereof to the public at any time and for any interval of time, either temporarily or at regular intervals, and either entirely or merely to certain uses, as deemed advisable and in the best interest of the public and District.

Section 4.07. Use of Closed Property Prohibited. No Person shall use, occupy, be in, or remain upon District Property or leave any personal property in or upon District Property which is closed to the public, or after closing hours, unless permission therefor has first been obtained from the District.

CHAPTER V - PERMITS AND OTHER AUTHORITY

Section 5.01. Permits.

(a) Permits may be granted upon proper application and approval where the applicable section of this Ordinance or any other District ordinance, policy, rule, or regulation provides for the issuing of a Permit in order to engage in a particular activity.

(b) Every Person requesting a Permit shall complete and file a written application with the Director or his designee, on forms provided by the District, and pay applicable application fees at the District's designated location. When received, the application shall be dated and stamped as received and a receipt issued to the applicant.

(c) Applications for Permits must be received by the District at least 21 days prior to the activity for which a Permit is sought. The District may waive or modify the 21 day application requirement.

(d) Except as provided in subsection 5.01(d)(6), the District shall issue the Permit without unreasonable delay unless:

- (1) The proposed activity violates any federal, state, local, or District law, rule, or regulation; or,
- (2) A prior application for a Permit for the same date, time, and location has been or will be granted and the activities authorized by that Permit do not reasonably allow multiple occupancy of that particular area; or,
- (3) The proposed activity is of such a nature that it cannot reasonably be accommodated in the particular location applied for, considering, without limitation, the likelihood of such things as damage to park resources or facilities, damage to an environmentally sensitive or protected area's ecosystem, impairment of a protected area's atmosphere of peace and tranquility, unreasonable interference with District functions, buildings, facilities, operations, programs or activities, or unreasonable interference with the use or purpose of the District Property applied for; or,
- (4) The proposed activity would substantially impair the operation or use of facilities or services of District concessionaires or contractors; or,
- (5) The proposed activity would so dominate the use of District Property as to preclude other Persons from using and enjoying the park.
- (6) This subsection 5.01(d) is not applicable to applications for commercial activity Permits under sections 2.09 and 2.16 of this Ordinance and Permits for alcohol under section 2.02. The District reserves the right to exercise its discretion in issuing Permits under sections 2.02, 2.09 and 2.16.

(e) If the application is approved, the District shall issue a written Permit to the applicant. If the application is denied, the District shall issue to the applicant written reasons for denying the application.

(f) If an application is denied on the basis of a scheduling conflict or inappropriateness of the location, duration, or time of the activity, the District will make a reasonable effort to arrange an alternative that is acceptable to all parties. If an application under sections 2.08, 2.25 or 2.36 is

denied, or the applicant is dissatisfied with such Permit as issued, he may appeal the decision to the Board within ten (10) days after the decision is rendered. If the Board rejects the appeal after full review, or if time for full review is not available, the applicant may appeal the decision to the appropriate state or federal court. All other decisions on the issuance of Permits by the District are final.

(g) Any Permit granted by the District may contain lawful prerequisites to the issuing of the Permit and restrictions on the conduct of the permitted activity including without limitation: general liability insurance coverage; host liquor liability insurance; an agreement to fully indemnify and hold the District harmless from any liability or costs resulting from the activity; a requirement that the Persons involved in the activity obey or comply with all federal, state, local, and District laws, rules, and regulations; time, duration, and location restrictions; restoration deposit; a written agreement by the applicant to fully restore any District Property soiled or damaged by the activity; and, any reasonable restriction necessary for the efficient and orderly contemporaneous administration of the activity, other activities with a Permit, and regular District uses, functions, programs, and activities.

(h) Any Person holding a valid Permit issued by the District for use of District Property shall take precedence for use of that District Property over any Person other than the District.

(i) The District may make necessary changes or place necessary additional restrictions on any Permit after it has been issued.

(j) Violation of the terms and conditions associated with the Permit may result in the suspension or revocation of the Permit.

(k) Except as provided in subsections 5.01(k)(1) (2), no Permit shall be issued for a period in excess of seven (7) consecutive days. A Permit may be extended for like periods of time upon a new application, unless another Person has requested use of the same location and multiple use of that location is not reasonably possible.

(1) This subsection shall not apply to Permits granted under section 2.09 of this Ordinance. For Permits granted under section 2.09, the District shall determine the length of time that a Permit will be valid.

(2) This subsection shall not apply to Permits granted under section 2.36 of this Ordinance for newsracks or newsstands. Such Permits granted under section 2.36 shall be issued for a period of six up to (6) months.

Section 5.02. Insurance and Hold Harmless Agreement.

(a) Except as provided in subsection 5.02(a)(1), the District may require every applicant for a Permit to acquire general liability insurance to protect himself and the District from liability resulting from his use of District Property and provide proof of such insurance to the District before the District will issue a Permit to an otherwise valid applicant. The District must be named on such policy as additional insured. Where possible, an applicant may acquire a rider to the District's insurance policy at the applicant's cost and expense. Applicants should contact the District's administrative office for more information.

(1) For activities involving the exercise of First Amendment rights, including without limitation parades, public gatherings, speeches and rallies, this requirement may be waived by the District if the applicant can demonstrate that he or his organization

cannot procure general liability insurance or that the cost of procuring such insurance or acquiring a rider to the District's insurance policy is prohibitive.

(b) Every applicant must execute and deliver to the Park District an agreement to indemnify and hold the District harmless from legal liability, property damage or injury to persons caused by the negligent or unlawful acts of the applicant or any member, volunteer, employee, agent, participant, or other Person associated with the applicant or his group or organization.

Section 5.03. Restoration Deposit.

(a) A restoration deposit may be required for any Permit. The District shall refund the deposit if the Person responsible for the activity cleans any refuse caused or left by the activity or the activity's participants and restores District Property to the condition it was in prior to the activity to the District's satisfaction. If the District is required to clean up or restore District Property after the activity, the Person responsible for the activity shall reimburse the District for all costs and expenses associated with the clean-up and restoration. The cost of the clean-up and restoration shall be taken from the restoration deposit. If there are any funds remaining after the clean-up and restoration costs have been subtracted, they shall be returned to the appropriate Person. If the costs and expenses for the clean-up and restoration exceed the amount of the restoration deposit, the District reserves the right to pursue any and all legal options.

(b) If the restoration deposit would create a financial hardship for the applicant which the applicant can so demonstrate, the District may accept a written agreement to clean up and restore District Property after the activity. If the applicant does not satisfactorily perform according to the agreement, the District reserves the right to pursue any and all legal options.

Section 5.04. Other Authority. Activities otherwise prohibited under this Ordinance, or any other District ordinance, policy, rule, or regulation may be conducted or engaged in by a Person, his agents and/or employees, if done in strict conformance with the provisions of an agreement with the District which has been duly authorized by the Board. To carry out the terms of this Ordinance, the Director is hereby given authority to issue the permits, post notices or take the other action as called for herein, subject to the guidelines herein set forth.

(a) The Director shall have the authority to reserve any area, facility or waters on District Property for a particular use or activity, to prohibit a particular use or activity on any District Property, or to close all or any part of District Property, in the interest of public health, safety or general welfare or in order to protect the natural resources from unreasonable harm, and to promulgate and issue permit where authorized by this Ordinance and collect such fees as established by the District.

(b) The Director may impose reasonable restriction on the granting of a permit.

CHAPTER VI - ENFORCEMENT

Section 6.01. Police/Security Force.

(a) The District Police Force shall be the conservators of the peace on District Property, and shall be responsible for the enforcement of all federal, state, local, and District laws, rules, and regulations on District Property.

(b) The members of the District Police Force shall have the authority to eject from District Property, arrest, or issue citations to any Person who violates any applicable federal, state, local, or District law, rule, or regulation on District Property.

(c) Nothing in this Ordinance shall be construed to prevent any peace officer from carrying out his or her own duties within the territories of the District as defined by applicable laws of the State of Illinois and United States or ordinance of Kane County, Illinois, or in accord with any other Policing Agreement approved by the Board.

Section 6.02. Rules to be Obeyed.

(a) No Person shall violate or disobey any provision of this Ordinance or any other District ordinance, policy, rule or regulation regulating conduct or activities on District Property even though the same may not have been posted. No Person shall violate or disobey the directions or instructions contained in any notice or sign posted by the District relating to the use of District Property, or the directions or instructions of any member of the District Police Force, or any employee of the District seeking to enforce compliance with federal, state, local or District laws, rules, or regulations.

(b) Nothing in this Ordinance shall be construed to prevent or preclude the lawful use by the District of a civil remedy at law to correct an abuse or loss suffered by the District as a result of violation of this Ordinance or any law of the State of Illinois.

Section 6.03. Parties to Ordinance Violation.

(a) Every Person who commits, attempts to commit, conspires to commit, or aids or abets in the commission of any act in violation of this Ordinance or other ordinance, rule or regulation of the District, as a principal, agent, or accessory, shall be guilty of such offense, and every Person who falsely, fraudulently, forcibly or willfully induces, causes, coerces, requires, permits, or directs another to violate any provision of this Ordinance is likewise guilty of such offense.

(b) Any Person who is the owner, registered owner, or Person in control of any animal, Vehicle or other property of any kind brought, placed, parked or allowed to remain on District Property in violation of this Ordinance or other District ordinance, rule, or regulation, shall be deemed prima facie responsible for such violation and shall be subject to the penalties provided herein.

Upon a finding of guilty for any violation of this Section, a person may be fined not more than \$1,000.00 for each offense or subject to the fine schedule of the agency which issued the violation notice. Property so impounded shall not be returned to the owner(s) thereof until such Person(s) provides the District with acceptable proof or evidence of ownership and until such Person(s) has reimbursed the District in full for all costs and expenses to the District of such impoundment including without limitation any removal and storage charges. Property not claimed by the rightful owner(s) thereof within sixty (60) days after such impoundment may be sold by the District which shall be entitled to the entire proceeds thereof, or otherwise disposed of.
